## Digital Appliance

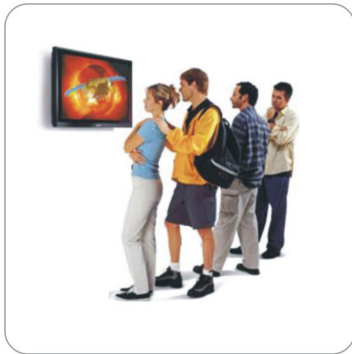

### SSI-ION

The SSI-ION digital appliance is a powerful, yet versatile appliance. Powered with an Intel Embedded 330 Atom Dual Core Processor combined with the new ION graphics processor, this unit is an eco-friendly platform. PureVideo™ HD technology decodes HD video formats and enhances standard-definition videos with the NVIDIA® ION™ GPU for flawless HD and superior SD video playback.

SSI-ION

The SSI-ION is the perfect appliance for Digital Signage and Kiosks.

The SSI-ION is the perfect appliance for Digital Signage and Kiosks.
